### COMMITTED SUICIDE

Jumped Off An Army Transport While En Route Home to the Philippine Islands

Miss Florence Rogers yesterday received a cablegram from Honolulu stating that Eulogio Ratin had jumped off the steamer and drowned himself near the above port Tuesday. Young Ratin was a servant in the Rogers home in this city for over a year, having accompanied Mrs. D. E. Fee to this country from the Philippines Islands nearly two years ago. It is supposed the young man became sick and despondent, hence the rash act.

### THE "GEM"

Is the Name of Maysville's Third Theater—Seven Sent in the Name

The "Gem" is the name of the new play house. In the contest that closed on the 9th, Messrs. Arn & Simons received 571 names, and after carefully considering all, decided on the above name.

They selected this for two reasons. The first reason because it is an appropriate theater name; the second, it is inexpensive to display on an electrical sign, there being only three letters; is easily said—almost any child can say Gem—and it cannot be nicknamed.

This name was suggested by seven ladies, as follows:

Mrs. J. W. Finnerly.  
Miss Martha Lovell.  
Mrs. J. W. Lee.  
Mrs. Claude Watkins.  
Miss Lottie W. Outten.  
Miss Louise M. Sallee.  
Miss Allene M. Berry.

The year's complimentary ticket will be equally divided among the seven.

Messrs. Arn & Simons take this means of thanking all the ladies for suggesting the various names.

## THE VITAL QUESTION.

The important affair in the feminine world today is "What are the styles to be?" After careful investigations in New York, that pre-eminent fashion center from which we recently returned styles are briefly summarized as follows:

**Skirts** Of suits, street dresses and separate skirts are full length. Both are straight without taper at the waist. Collars and reverses are almost invariably used and one-sided effects in trimming and fastening are very popular.

**Coats** To suits are short, about 24 inches. Separate coats are full length. Both are straight without taper at the waist. Collars and reverses are almost invariably used and one-sided effects in trimming and fastening are very popular.

**Waists** To harmonize with suits are much in evidence, chiffon and pretty striped silks leading. The set-in sleeve replaces the kimono. Dutch necks and short sleeves predominate, though high necks and short sleeves are also shown.

**Dresses** Serge, silk and lingerie are all popular. The slightly raised waist line continues. Plain net and shadow laces are used for yokes.

**Fabrics and Colors** In wools, serge, whipcord and light mixtures. In silks—soft taffeta, foulard and all satin-finished fabrics. Tan is the leading color, in every shade from champagne to leather. Blue, the ever popular, holds full sway chiefly in medium navy. Copen is not ignored and a great white season is predicted later.

**Trimmings** Embrace the whole range of laces. Beaded effects are good: Fringe has not lost its vogue. Buttons are used—glass and china the newest note. Floral garnitures hold a leading place. Fabric trimming in the form of self-covered cords and folds is popular. Embroidery occupies as prominent position.

There is scarcely a style requirement enumerated above we are not prepared to meet amply and economically.

**Silks** Are still in generous assortment, but every day the stock narrows to some extent. Don't delay too long.

FOR PRESIDENT,  
WILLIAM HOWARD TAFT.

THIS doctrine that you've got to commit industrial harikari to be a Democrat—to advocate Tariff reduction on rice, sugar and lumber—is not an attractive one to the man of common sense.—Crowley (La.) Signal.

THE Evening Post of Louisville has usually advocated conservatism. We believe it never espoused the cause of WILLIAM JENNINGS

BRYAN of the "free silver fallacy" it was called by the antis in 1889. Yet when Colonel ROOSEVELT "comes out" for a good

deal more in the way of heresy and fanaticism than the enemies of BRYAN could ever accuse him of the Evening Post rushes into the the Roosevelt column.

But Brother KNOTT, although a well meaning man, was never conspicuous for consistency. He is, in fact, consistently inconsistent. This time he is, logically, illogical. And he has a good deal of company, although Mr. BRYAN's endorsement of Colonel ROOSEVELT's Columbus speech has been widely published.—Frankfort State Journal.

FINES aggregating \$200,000,000 are the possible outcome of the prosecutions against the express companies for overcharging. The interstate commerce commission is deeply interested in the eleven indictments brought against the Adam's Express Company in Cincinnati, and agents of the commission are being dispatched to all parts of the country, carrying evidence on which additional indictments are to be brought. Commissioner LANE states that there are on file with the commission 10,000 complaints against express charges.

Not satisfied with all their lawful advantages in robbing the public they must disobey the laws for further gain. It has been shown that the average express rate in ten foreign countries was \$4.25 per ton, while the Express Companies of the United States charge \$31.20 per ton. The bill reported to the house at Washington, March 4th, by the post-office committee includes a provision for a general parcels Post which will be urged by the

LONDON suffragettes can safely claim to have accomplished one thing. They have boomed the price of cut glass.

SENATOR LaFOLLETTE believes that he is still in the race. Someone should 'arouse the Senator from his lethargy.

It is easy to see that every time the Democratic popgun peppers an American industry many Republican votes are made.

INSTEAD of reducing the cost of living the Democrats have reduced the earning capacity of the working people of the country by halting business. Instead of lowering the cost of the necessities of life, they have enforced upon the working people of the country a condition that makes it impossible for thousands of them to purchase those necessities at any price.—Trenton Gazette.

As a matter of information to those desiring to attend the Grand Lodge meeting at Portland, Oregon, next July and who may be desirous of ascertaining the cost, the Kentucky Elk editor is informed by a well posted railroad man that from points in Kentucky, Indiana and Ohio it would cost about \$250.00 to make the round trip in comfort, which, of course includes reasonable rate hotels, meals and possibly a short side trip or two.—Kentucky Elk Louisville.

THE path of parcels post is full of pitfalls. One is the rural parcels-post scheme—the adoption of which would be the end of hope.

Another is the administration proposal for Penny-Postage Danger. penny postage for letters. This is a poison for parcels post. Once lower the first-class mail rate to one-cent, and we shall never see the day when there will not be a deficit. And with a huge deficit established as a permanent part of our postal policy the time could be set for the funeral of parcels post. Every enemy of parcels post is for penny postage, and every friend of penny postage, no matter what he may say, is an enemy of parcels post. Penny postage would save our great business institutions a great deal of money. It would save the publisher of this paper a great many thousands yearly. But it would be the death of parcels post. And it would benefit the ordinary man scarcely at all. The letter-postage expenses of the average farmer or workingman are the least of his troubles.—Farm and Fireside.

**February Woman's Home Companion.**  
The new teacher was somewhat uncertain as to the nationality of her latest charges. She was not kept long in doubt, however. "Yoke," she wrote on the board, and then asked in her most musical tones, as she looked graciously round the class, "Can any little boy or girl tell me the meaning of that word?"  
A small blond boy raised his hand. "Ay know," he said hoarsely, "it—it is ess when you say somethin' funny."

President LeBus claims a normal crop of Burley tobacco in Kentucky is about 200,000,000 pounds a year.

## WASHINGTON GOSSIP

May Do Away With Fee at Mt. Vernon

WASHINGTON.—The legislature of Virginia is now considering the propriety of enacting a law which will do away with a 25-cent admission fee charged at the gate to Mount Vernon, the home of Washington. Earnest protests have been made by many citizens of the state against the charging of any fee for admission to the grounds, on the theory that the public generally, without restraint, ought to be free to enter the grounds and inspect the many interesting things that are to be found there. The legislature of Virginia originally incorporated the ladies' society which owns the Mt. Vernon estate, and has made it what it is today, and of course an amendment of that act, cutting out the admission fee, may be made when ever the legislature in its wisdom sees fit. Two years ago, when the legislature was in session, a similar movement was put under way, but there was no legislation. This time the effort has been renewed with increased enthusiasm, and the no-fee bill is now before the house committee on laws,

which has been giving hearings to men and women representing both sides.

The whole country is interested in this proposed change of the articles of incorporation of the ladies' Mt. Vernon society, for in every state there is a chapter of the society, and each of these chapters has had charge of the work of restoring one of the rooms of the old mansion, or one of the out-buildings, or some particular feature of the grounds. The purpose of the society has been to restore the buildings and grounds to the condition they were in the time when Washington was alive. This work has been carried forward pretty well to completion. In the mansion there is now almost 50 per cent. of the original furniture, for instance, while the out-buildings are all to be found there.

The people who want the admission fee abolished say the ladies' society has been making too much money! that it is a close corporation, taking money from the public and expending it without let or hindrance, and presumably piling up a considerable surplus in cash. The ladies' society doesn't plead guilty to these charges. It says the fees are only sufficient to maintain the estate properly, and that there are no large surpluses, and that the society has not at any time made it a policy to earn profits from the patriotic impulses of American citizens.

## U. S. Soon to Have Big Army Air Fleet

WITHIN two years the United States army will probably possess 40 aeroplanes. At present it only has seven machines, a number so insignificant as to make comparison with some of the powers of Europe almost impossible. In the development of the so-called "fourth army" of the military service, this country is far behind France and Germany, notwithstanding the fact that the first men to make practicable the flight of heavier-than-air machines were Americans. Even Italy can show greater advancement than this country, although this is due to the fact that she has on her hands a war which gave her an opportunity to demonstrate the usefulness of the flying-machine in actual service. The only thing approaching that opportunity in this country was offered during the period when we massed troops on the Mexican border.

Notwithstanding the fact that our army may possess 40 aeroplanes inside of two years, we will not even approach France in the number of our "aerons," which is the name applied in that country to military flying machines. The French war department proposes to buy during the present year 350 aeroplanes, the minister of finance having asked for \$1,000,000 for the extension of aeronautical service. Twenty machines alone were used at

the last French military maneuvers. The new machines will be ordered in lots of 20, 50 and even 100. They will be of different types and will be supplied by all the leading French constructors.

The day has passed when the aeroplane is a mere experiment for military purposes. Only a few days ago an Italian army officer, operating an aeroplane in Tripoli, dropped bombs among the Turks and Arabs and was in return wounded by a rifle bullet. He was using a monoplane and had one passenger with him. The most notable feature of the incident was the fact that he was enabled to continue operation of the machine after he had been wounded. His passenger assisted him and the monoplane was brought back to safety to the Italian camp. Not only were projectiles dropped among the enemy, but the aviator and his companion made sketches of the military works over which they passed.

## Creates Furore in Washington Society

THE greatest furore has been created in Washington society by the advent of Mrs. C. H. Anthony of Muncie, Ind., who may or may not be making herself a dummy on which to display the art of millinery and marvelous jewelry. Suffice it to say, the Queen of Sheba would not be one, two, three in the class with Mrs. Anthony as to gorgeousness of raiment and lavishness of gems and jewels. For instance, Mrs. Anthony wears shoes so rackingly costly that she has to put them in the bank vault at night. There is nothing baser in the metal about the person of Mrs. Anthony than gold, and she scorns plain gold, and has it set with jewels to match hat, gown, coat, hose and shoes that wears them with. Real lace is militantly used to heel her slippers, and her head is topped by \$1,000

hats and such like. Her gowns—well, it doesn't take much material to make them, and the least said about them the better. They are of the finest loom and the costliest dyes, and are then overhung with gold and diamonds, turquoise, emeralds, sapphires and pearls. Her coats are the hand-some and her furs the costliest that have ever been seen in the city of Washington. The heels of the wonderful slippers are set with something like diamonds, and she has these of all colors to wear upon the streets. Mrs. Nicholas Longworth is wedded to cut-glass heels on her shoes and slippers, but has never gone so far as cut-glass solitaires. Mrs. Anthony is wedded to what she terms the "gospel of clothes." There is one thing quite certain, and that is, "Lead us not into temptation" finds no place in her gospel decalogue. With all her love for finery Mrs. Anthony is intensely American, and says American clothes are good enough for her, and she has all her dresses made in Indianapolis.

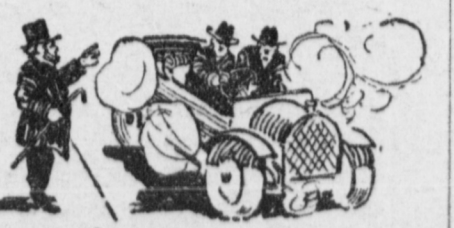

"American clothes are good enough for me," she declares. "Every gown I own was made in Indianapolis."

## Speaker Rides in an Automobile Now

WHEN he was elected speaker of the house of representatives Champ Clark refused to accept an automobile to be paid for by the government. Such a provision was made by congress during the term of Speaker Cannon, and that gentleman used his government automobile to his heart's content. He became so enamored of the joy of automobilizing that at the end of his term he purchased one of his own and puts it to good use.

While Champ Clark does not own an automobile or allow the government to furnish him one, he enjoys riding, and, strange to say, he enjoys riding with his predecessor, Joseph G. Cannon.

Speaker Clark has been very often ridden and avenues of Washington. The ex-speaker are

ing and declares that the exercise is refreshing and puts him in good condition for the long hours that he is held at the speaker's desk.

When the weather will not permit he rides on the street cars, taking his chances with the strap hangers and the corn grinders.

On his way home at midnight from a recent Democratic caucus, Mr. Clark hung by a strap and was jostled by the crowd in a car that was packed to its fullest capacity.

As he neared his home he remarked, "If it hadn't been so late I would have walked. Walking beats this all to death."

**Are You Nervous?**  
What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.  
**TAKE CARDUI The Woman's Tonic**  
Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women.  
Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

## FOR THE WOMAN WHO THINKS AND FEELS.

Some women complain that they periodically suffer from dull and heavy feelings, or dizziness in the head, nervousness, pain and bearing-down feelings which should not occur to the normal healthy woman. But most every woman is subject to these pains at some time in her life, due to abnormal conditions in life, such as corsets, over-taxed strength, bad air, poor or improper food, wet feet, sluggish liver, etc. A regulator and female tonic made from native medicinal roots with pure glycerin, and without the use of alcohol, called

DR. PIERCE'S FAVORITE PRESCRIPTION, has proven its value in thousands of cases, like the following:

Mrs. DORA M. MARTIN, of Auburn, Neb., Route 1, Box 84, says: "I thought I would write you in regard to what your medicines have done for me. I have used them for thirty years for female troubles and general weakness with the very best results, and they have saved me hundreds of dollars in doctors' bills. I buy the 'Favorite Prescription' and 'Golden Medical Discovery' and take them together. A nurse was disappointed in your remedies and take pleasure in recommending them to any suffering lady. I am now almost fifty years old; at forty-five I took your medicines, both kinds, and I passed that period very easily and left me fat and healthy. I feel like a young girl."

"If any lady cares to write me, I will gladly tell her more about the good work of your medicines."

MRS. MARTIN.

The Court refused to take the case of the packers from the hands of the Jury as requested by the defendants.

WHAT HE THINKS

Senator Bradley on the Roosevelt Movement in Kentucky

Washington dispatch says: Senator Bradley being asked what he thinks of the leaders of the Roosevelt movement in Kentucky, divided them into three classes:

Men who vacated offices.

Men who were removed from office.

Men who were defeated in their quest for offices, either at the polls or in convention.

"Who doubts for a moment," he added, "that if the gentlemen removed from office or those who vacated office were in office today under Mr. Taft that they would today be sounding the praises of Mr. Taft and bitterly opposing the renomination of Mr. Roosevelt?"

The Senator was asked whether former Justice E. C. O'Rear is for Roosevelt.

"All I know about the attitude of Judge O'Rear is what I read in the newspapers," replied Senator Bradley. "I saw that he addressed an audience of about fifty people at Frankfort the other night and made a speech coming out for Roosevelt. It is rather difficult for me to believe this, for I recall that Judge O'Rear when a candidate for the Republican gubernatorial nomination, made a speech at Campbellville, June 25th, 1911, in which he used substantially this language:

INDORSED TAFT

"The President is the ideal progressive Republican, as he stands for correction of concrete existing evils by wise and safe legislation, and I am a similar progressive. The Republican State Convention that nominates me for Governor will declare for him for re-nomination. Nor am I a recent convert, driven by the exigencies of desperation, I was for him four years ago, and am for him yet. I have not changed, nor have I found it necessary to change."

"After making this speech," continued the Senator, "Judge O'Rear sent a telegram containing this language, or its substance, to the President. Later the State convention met and endorsed the Taft administration and indorsed Taft for re-nomination. Judge O'Rear accepted the nomination on this platform and ran on it. For those reasons, and remembering the words he used at Campbellville, I can hardly believe that he is now for the renomination of Roosevelt."

It is known that the White House cherishes in its files telegrams sent by Judge O'Rear relating to his Campbellville speech, and another wire from Representative John W. Langley, O'Rear's manager, notifying Mr. Taft of the candidate's first endorsement of the President as a progressive.

BRADLEY CLASSIFICATION

Some of the Roosevelt leaders in Kentucky who come under the three general classes defined by Senator Bradley today are:

Leslie Combs, who vacated his office as United States Minister to Paris.

D. C. Edwards, defeated for a congressional re-nomination.

Thomas L. Walker, who was removed as Postmaster of Lexington.

J. Sherman Cooper, who was removed as Internal Revenue Collector at Danville.

James J. Grinstead, who was denied the nomination for State Auditor on the O'Rear ticket.

Joseph Earlywine, removed as Postmaster of Paris.

The question which the Taft managers are asking themselves, in view of Judge O'Rear's statements at Campbellville and breaking away from Taft of the three old of Kentuckians mentioned by Senator Bradley is:

"What has the President done since last June that changes him from the ideal progressive?"

### A WORD WITH WOMEN

VALUABLE ADVICE FOR MAYSVILLE READERS

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty; then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Maysville woman's convincing statement:

Mrs. Sam Neal, 497 West Second street, Maysville, Ky., says: "Although I have never used Doan's Kidney Pills myself, I can recommend them. One of my family had a great deal of trouble from his back and kidneys. Doan's Kidney Pills made him entirely better, and he always praises them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### MAYSVILLE LOOSE LEAF TOBACCO MARKET

The Farmers and Planters sold 238,605 pounds of the weed yesterday at fine prices. In fact the prices were better yesterday than the last few days previously which was extremely satisfactory to the sellers.

The prices ranged from \$3 to \$27 per hundred.

The switches will not accommodate the tobacco arriving from the Farmers and Planters, but they are taking care of same as fast as it is possible.

Some good crop averages yesterday:

F. Robinson, Robertson county, \$18.67.  
J. E. Bouldin, Tucklo, Ky., \$18.46.  
Wall & Ryan, Mason county, \$16.50.

Henry Warren, Brown county, O., \$15.15.  
Jim Rues, Mason county, \$15.13.

The sales yesterday at the Independent warehouse was 130,000 pounds at average price of from \$2 to \$28.

Deafness Cannot be Cured by Local Applications, as they cannot reach the seat of the disease. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound in your ears, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless a cure is secured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

## FOR SALE

450 acres seven miles from Maysville on the Washington and Murphysville pike and known as the "Ed Mahan Farm." The improvements consist of a two-story frame house, tobacco barn and stock barn and outbuildings; all the buildings in first class repair. Fruit of all kinds. Place is well fenced and well watered. It's unusual to find a small farm with such improvements as this one has and located so well. Possession this month in plenty of time to start your spring work. Terms easy.

Price, \$6,000.
